(2) In the annual budgets there should be a separate allotment for the sanitation of villages.

Resolution.—Year by year an allotment is being made for the purpose.

(3) To carry out the sanitation work efficiently, the Sanitary Inspectors should be given a menial establishment. It would be convenient if one Revenue dafadar and 2 peons are given to help them in their work.

Resolution.—The proposed arrangement is not feasible. The proposed establishment itself is not necessary as they are helped by the village officers and servants.
